## HEAVILY FINED.

Petty Officer of Coptic Attempted to Land Opium.

Michael McMann, an under officer of the Coptic, was arrested at the gate of the Pacific Mail wharf this morning for having opium in possession. At 9 o'clock he was taken to the station house by Inspector McCauley. Having to leave by his vessel, he was given a hearing promptly, pleaded guilty and fined \$150. Four tins of Hongkong opium were found on the person of the man. Two tins were fastened around his legs above his shoe tops. He had evidently landed stuff the same way before, and it was by the merest accident that it was discovered this morning.

## END OF THE QUARANTINE

CITY OF COLUMBIA HAULS DOWN THE YELLOW FLAG.

The Passengers Quarantined From the Nippon Maru Come Ashore Just After Noon Today—Danger Past.

The yellow flag is hauled down. The City of Columbia is out of quarantine. The Nippon Maru's passengers are ashore. The fear of bubonic plague is at an end.

The quarantine period of those on the City of Columbia was up at noon today. The physicians of the Board of Health reported that no symptoms of the disease had developed, and thereupon those in quarantine were authorized to be landed. Commander Pilot Macauley brought the City of Columbia into the harbor immediately after noon and anchored in naval row, not far from the lighthouse. The cabin passengers were brought ashore immediately on the tug to the Kinau wharf. A good many of their friends, in expectation of the event, were down to meet them. All expressed themselves as glad to be home again.

Dr. Monsarrat who went from here to Manila on the Consenagh, says that vessel lost two blades of her propeller fifteen days out from this port, and for the rest of the trip made only about six knots an hour. She arrived there safely, however, and he was in Manila for fifteen days. He has a very poor opinion of Manila and was glad to leave it. Notwithstanding this fact and the fact that he was seven days in quarantine in Nagasaki and ten days here, he is looking in robust health and has gained in weight.

Mr. and Mrs. Wichman were met on the wharf by their children and a number of friends.

The Chinese and Japanese steamer passengers were taken to the quarantine station to be sent from there to various plantations.

## TYPHOID IN KAU.

PUNALUU, Hawaii, June 26.—At 8 o'clock on the evening of June 26, the heaviest earthquake of years was felt at Punaluu. A lighter one was felt the following day.

An epidemic of typhoid fever is threatening this district. There have been two deaths within a very few days of the disease. The jailor's wife died on the 16, and two of his children are now down with the same ailment.

## TO STUDY ELECTRICITY.

E. T. Dreier, son of August Dreier, sailed by the Coptic today for the East, where he will take a thorough course in electrical engineering. Besides a college course he will enter the Westinghouse works at Pittsburgh for practical training. Mr. Dreier will likely join the rapid transit company upon his return to Honolulu.

## IMPORTING SLAVES.

Illinois Steel Company is Replacing its Workmen.

CHICAGO, June 15.—Slavonic laborers are being imported by the wholesale into south Chicago, tagged like express packages. The majority are promptly given employment by the Illinois Steel Company. United States Immigration inspectors have been watching this big influx and are convinced that there have been many violations of the contract labor law. One batch of men has been sent back to their native land, and efforts are being made to get evidence sufficient to return 2000 more, who have arrived in south Chicago since last fall. Ever since the steel company began to displace its American, Irish, Welsh and German employees with Slavonic labor, there has been a steady stream of the foreigners pouring into south Chicago.

## COMMON NUISANCE.

Marshal Brown has ordered Daly, the Owl lunch man, off the streets under the law relating to common nuisance. Mr. Owl man is now thinking of getting up a petition to President McKinley on the subject. He said Saturday night that he was sure of 1000 signatures.

## SILVER WEDDING.

Mr. and Mrs. H. Voss entertained a number of friends Saturday evening in honor of the twenty-fifth anniversary of their marriage. The reception was held at the residence on Bereania street. A pleasant social program was carried out and all thoroughly enjoyed the occasion. All of the presents were silver.

Sparkling and neat, full of vim are Hanan's shoes. McInerney Shoe Store.

## SILVER DOLLAR IN MANILA

BANKS ARE DISCRIMINATING AGAINST IT.

Rate of Exchange With Mexican Currency Has Been Changed—Much Inconvenience and Loss Results.

MANILA, May 25.—The present state of the currency is such that if continued for long it will threaten a commotion in all business affairs. The two banks are discriminating against the silver dollar. The commercial rate of "two for one," upon which basis trade has been carried on since the American occupation of the city, they are forcing down. The exchange rate of American gold in local currency is now \$2, where it was formerly \$2.07. Our silver, formerly passing freely at the banks 2-1, has been depreciated to 1 96-1.

At the present writing, some merchants about town have begun to refuse American silver at 2-1. They are forced to it by the newly established bank rate. A prominent tobacco dealer who has not yet changed the rate of exchange with his customers, has over a hundred silver American dollars lying in dead weight in his safe. If he changes them at the bank he loses, perhaps half of the profit which they represent, neither can he pass them out in change as fast as they come in.

This dealer says that he will be compelled hereafter to change American silver at the established bank rate, or enough to the price of his goods to cover the exchange loss. Either alternative he thinks will hurt his business. The banks hold the peso at the gold value of 50 cents. Yet the United States paymasters in these waters buy thousands of pesos at Hongkong for 47 2-10 cent. From this it is easy to calculate that bank profits are way, but they shave their victims going and coming.

While they are very willing to consider our money of little value, when receiving, they put on a different pair of glasses when it comes to paying the same money out. Our gold goes out over their counters at \$2.05 and our silver dollars at \$2.

Both the United States pay department here, and the postal authorities have been compelled to combine in order to defeat the rapacious greed of the money changers.

The chief paymasters, realizing that the soldiers here would be wholly at the mercy of the banks, asked the treasury department to place certain amounts to his credit in the sub-treasuries. This bit of wise forethought made it possible for him to give soldiers, who wished to send money home, certified checks upon the United States sub-treasuries, when otherwise they would have been compelled to pay exchange tariffs on bank drafts. This, to be sure, was before the postal department issued money orders from this office.

There is some stir being made among merchants here by the refusal of the authorities to accept American money at the custom house. This, however, cannot be charged against the customs authorities, for they are but acting on orders from higher sources. Paragraph 388, United States Provisional Customs Tariff and Regulations, reads: "The monetary unit of the Philippine Islands, is the silver peso." In an order issued by General Greene, shortly after entering the city, he sets forth what money are to be received for customs. The order designates the silver peso in use before our occupation, but makes no mention of American money.

The tradesmen here are becoming suspicious and wary of a currency that is in constant fluctuation, and refused by at least one department of the Government.

## MRS. CAPTAIN NICHOLS.

Was a Through Passenger on the Steamship Coptic.

Mrs. Nichols, widow of the late Captain Nichols, U. S. N., of the Monadnock, was a through passenger by the Coptic. She was in Yokohama at the time of her husband's death and only received a brief cablegram from Captain Barker announcing Captain Nichols' death from sunstroke just before sailing on the Coptic.

Mrs. Nichols is well known here and during the stay of the Coptic, many friends called on her.

## MEDALS FOR DEWEY'S MEN.

Washington, June 15.—The Navy Department today received the 1700 bronze medals authorized by Congress for the officers and men who participated in the battle of Manila bay. The Bureau of Navigation will see to the distribution of the medals, those for the officers and men of the Olympia and Raleigh, being given to them in this country, while those for the men on the ships still at Manila will be forwarded. The medals are handsome products of the jeweler's art, one face showing a bas-relief of Admiral Dewey, while the reverse shows the idealized head of the American sailor.

## MAKES ONE'S MOUTH WATER.

The popularity of "Apollinaris" seems to have no limits. One reads that it is obtainable in practically all parts of the world, and in New York, as in England, no social function is without "The Queen of Table Waters." The menus of the Waldorf-Astoria, Metropolitan Club and the Vanderbilt, as well as those of the Van derbilt and the Astor balls, all of which took place recently, bear witness to the pre-eminence of Apollinaris.

## BODY NOW LIES IN STATE

THRONGS VIEW REMAINS OF KAPIOLANI.

Band Plays Funeral Dirges at Pualani—Arrangements Tomorrow for the State Features.

The body of the late Queen Dowager Kapiolani is lying in state today at Pualani, the Waikiki residence of deceased. Between 9 a. m. and 4 p. m. are the hours during which friends are calling. The Government band is playing dirges on the grounds from 2 to 4 this afternoon.

From an early hour this morning a family and a government guard of honor have been kept at the bier. There are also the kahili bearers. A constant stream of humanity has kept up to and from the place. Most of them were natives, who went out to see the face of their dead all and to give expression to the feelings of sorrow.

At a meeting to be held between Government representatives and the relatives of the queen dowager tomorrow afternoon, arrangements for the state funeral will be made. In all likelihood the general lines of the Princess Kaiulani funeral will be followed. There will most likely be a government grand marshal and a military escort. The religious services will be held in Kawaiahaeo church as before.

It is finally settled that the remains will lie in state at Kapiolani church until Saturday night. It is expected that a number of natives will arrive from the other islands by the steamers on Friday and Saturday to attend the funeral.

## BALL IN DRILL SHED.

Big Fourth of July Event to Take Place There.

Minister Mott-Smith and Colonel J. W. Jones have tendered to the ball committee on 4th of July celebration the use of the drill shed for the big social event of next Tuesday evening.

The ball will take place there. The Government has also tendered the services of the band and Berger's musicians will be there.

Invitations for the ball will be issued next Saturday morning. Most of the people will receive them that day or Sunday morning. It is found impossible to get them out before that time.

The Government refused the use of the Executive building for the ball on the same principle, that the house should be used for state functions only.

## COPTIC TURNS BACK.

Recalls Pilot Boat to Send a Man Ashore.

After the pilot left the Coptic outside the harbor, the steamship turned back and signalled the pilot to return. The maneuver was seen from the shore and occasioned lively interest and speculation. It turned out that after the pilot left the ship a man by the name of Pearce was discovered aboard without a ticket. He was put on board the pilot boat and brought ashore. The account given of the affair by Pearce was that he had been drinking and going aboard the Coptic did not realize that he was being carried away from here until after the pilot left the ship. Then he reported to the ship's officers and the pilot boat was recalled.

## NOT PUBLIC.

The commencement at the Kamehameha School for Girls tonight is not a public one. Invitations have been issued.

## BUBONIC PLAGUE.

SINGAPORE, June 5.—Immigration into the Straits Settlements from Hongkong, Macao, South China ports, and Hainan is prohibited. There are no new cases at Penang.

SINGAPORE, June 5.—There have been four cases of plague in Penang during the month of June, and one death from that disease.

YOKOHAMA, June 10.—During the first week of this month five cases of plague and seven deaths were reported at Taipei, Formosa; two cases and two deaths at Taihu; and nineteen cases and twelve deaths at Tainan, bringing the total cases and deaths in the island from the beginning of the year up to June 7, to 2290 and 1637 respectively.

## STOLE MR. DOLE'S PEARS.

A young Portuguese named A. Santos was arraigned in the police court this morning on three charges of larceny in the second degree. The fellow, it appears, has been stealing pears by the wholesale from President Dole's premises. He was caught red-handed yesterday afternoon with a whole basket full of the fruit. To two charges he pleaded guilty and was given three months at hard labor on each, making six months in all. The third count was dropped by the prosecution.

## SOUTHWELLS COMING.

It is more than likely that the Southwell Opera Company, one of the very best on the Coast, will visit Honolulu in July. For a long time the concern has been playing at the Grand in San Francisco. Two local promoters will bring the aggregation to Hawaii.

## FOR THE FOURTH.

Silk, bunting and cotton flags; red, white and blue bunting and decorative tissue papers, shields "our heroes," etc. were received by Golden Rule Bazaar and are selling rapidly for Fourth of July.

## MORE OF THEM USED.

There are probably more Singer sewing machines used in the United States than of any other one make. This is a very excellent guarantee that they are one of the very best machines. The points of merit are strength, durability, easy running and simple construction. Very little mechanism to get out of order makes repair bills small. When in need of a new sewing machine examine the Singer before purchasing any other make. B. Bergeron, agent, Bethel street.

## IMMENSE QUANTITIES.

Kerr, the Queen street merchant, has just received from London an immense shipment of dry goods. They were purchased by his London agent at the lowest possible rates for cash, and will be sold accordingly.

## MRS. WILHELM'S ESTATE

ABOUT \$10,000 LEFT HUSBAND AND DAUGHTER.

Monsarrat Matter Argued and Submitted This Morning—Court Adjourns Out of Respect to Kapiolani.

The supreme court adjourned at noon for the day out of respect to the memory of the late Queen Dowager Kapiolani. The flag over the building was set at half mast.

In the supreme court this morning the question submitted by J. J. Sullivan and John Buckley on the one side and M. D. Monsarrat on the other, was argued. The court took it under advisement. This is a request to the court to determine whether or not the divorced wife of Monsarrat has the right of dower in certain property sold by him to Sullivan and Buckley. The lot is a part of the old fire house premises in Union street.

Fritz J. Wilhelm has applied in the circuit court for letters of administration of the estate of his late wife. The property consists of realty and personal effects, valued at about \$10,000. The heirs are the petitioner and Mrs. Archie Smithies, the latter a daughter.

The petition for guardianship of the Brown minor at Hilo was argued before the full supreme court yesterday and submitted. This is the girl baby in the Rutman case. The name of the child was changed to Brown under certain adoption proceedings.

Indications now are that the supreme court will finish up its work this week. It is not likely that any decisions will be handed down until the term is closed.

## TEACHERS SAIL.

About a Dozen Get Away for Convention at Los Angeles.

There were school teachers galore on the steamship Coptic when the vessel sailed this morning. About a dozen got away most of them for the educators' convention at Los Angeles. Professor J. Lightfoot of the High school, was pilot of the party. This dignitary, by the way, bought the room of the steward for the trip, having been cut out of a cabin on account of the crowded condition of the vessel.

W. J. Lowrie manager of Spreckelsville, and family were passengers by the Coptic. Miss Lowrie will remain thirteen months at school in California. Two members of the local garrison, who have received their discharges, sailed by the vessel for home.

## INTERVIEW REPUATED.

Consul Pratt of Singapore Secures an Injunction.

HONGKONG, June 2.—Spencer Pratt, United States Consul to Singapore, has secured an injunction in the supreme court of the Straits Settlements prohibiting the publication of John Foreman's new book on the Philippines in which appears the alleged interview with him in which he was said to have promised the Filipino leaders independence if they would help the United States against Spain. The ground of the injunction is that the publication as regards him is untrue and libelous.

## TENNIS TOURNAMENT.

The Tennis Tournament Committee held a final meeting yesterday and closed up the business of the tournament. There was a full attendance at the meeting. All bills were ordered paid, and the final records of the tournament were officially made up. The tournament was one of the most successful ever held in the Islands.

## PATRIOTIC ADDRESS.

Rabbi M. S. Levy will deliver a 4th of July address at Central Union church next Sunday evening. He will discuss the constitution, the flag and their application. The latter part of the address will be devoted to the Hawaiian Islands and their relation to the main body of the Union.

Rabbi Levy is an ardent friend of Hawaii and firmly believes that Congress will do the right thing by the territory in December.

## THE WEATHER.

Weather Bureau, Panahou 1 p. m. Wind moderate northeast; weather clear; will probably continue the same. Morning minimum temperature 71; midday maximum 83; barometer 30.05; steady (corrected for gravity); rainfall 24 hours ending 9 a. m., .01; humidity 60 per cent 9 a. m.; dew point 63.9 a. m.

CURTIS J. LYONS, Observer.

## ILL ON MAUI.

C. W. Dickey, the architect, has been quite ill at Honolulu at Hauka. He was taken sick the day he reached Maui and at one time his case came to a serious stage. By the W. G. Hall today, however, it is learned that he is much improved and will try to return to Honolulu by the Claudine next Saturday night.

## GAINING IN POPULARITY.

Monday night and a full house at the Orpheum only emphasizes the fact that its popularity is steadily on the increase. Everyone goes away pleased and they tell their friends that the show is worthy of their patronage. The same excellent program tonight. Go and enjoy two hours of solid amusement.

## ONE APPLICATION RELIEVES THE PAIN.

Mr. P. Ketcham of Pike City, Cal., says: "During my mother's illness, Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which this liniment affords. For sale by all dealers and druggists. Benson, Smith & Co., general agent, Hawaiian Islands.

## UNCERTAIN SUGAR STOCKS.

Make an investment in low price dry goods that Kerr is now offering and it will give better returns on the money than uncertain sugar stocks. Never before has dry goods been offered at the prices he is now selling them.

## AMARINO AND ANTIDOTE

TWO FAST FLYERS MATCHED FOR JULY 4.

Wager of \$500 a Side—There Will Not Be Racing Program Next Tuesday. Only One Event in Sight.

The Jockey Club will not have a race meet at Kapiolani park track on July 4. This will be officially announced before tomorrow.

The reason given is that there are not sufficient entries to warrant an attractive program. Many of the races of June 10-12 have been withdrawn from the track already and the owners of others have given notice of their intention to pull out.

"I see no possible chance of a program," said John S. Walker, the club's secretary, this morning. "The 4th is only a week off today and we have not enough horses in sight to run an hour." During the day Mr. Walker will see other officials of the club and call the program off.

Last night a mile match race, to take place next Tuesday afternoon, was arranged between Forrest's Antidote and Ballentine's Amarino. The event will be for a wager of \$500 a side. There has always been sharp competition between these animals and the race will undoubtedly attract all the sports and be of wide interest.

## TRAVELERS RETURN.

Mr. and Mrs. Fred J. Lowrey Arrive by the Coptic.

Mr. and Mrs. Fred J. Lowrey returned by the Coptic last night from China and Japan. In China they visited Hongkong, Canton, Macao and Shanghai, returning to Japan when the weather began to get hot. They were in Japan during the cherry blossom season, and saw and enjoyed this picturesque festival. They traveled extensively in Japan.

They express great satisfaction with the trip, but are glad to be at home again.
